Section 4: First-Aid Measures
In case of eye contact, remove contact lenses and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
See a medical doctor immediately.
Wash off immediately with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Seek immediate medical
attention/advice.
Rinse mouth with water. Never give anything by mouth to an unconscious person. Call a physician immediately. If swallowed, do not
induce vomiting - seek medical advice.
Remove to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. Consult a
physician if necessary.
This product can be corrosive to skin, eyes, and mucous membranes. Careful gastric lavage should be considered. Observations may be
warranted. Treatment is controlled removal of exposure followed by supportive care.

Engineering Controls: Ensure adequate ventilation. Emergency eye wash stations / emergency showers should be available in th			
immediate vicinity of any potential exposure.			
General Hygienic Practices: Do not eat, drink or smoke during use. Wash hands immediately after handling the product.			
	Personal Protective Equipment		
Respiratory Protection: Use NIOSH-approved air-purifying or supplied air respirator where airborne concentrations of vapor or mist a			
	expected to exceed exposure limits. Recommended respirators are those with an organic vapor / acid gas cartridge.		
Eye / Face Protection:	Chemical resistant goggles or face shield if splashes are expected to occur.		
Hand Protection:	Rubber/latex/neoprene or other suitable chemical resistant gloves. Do not use leather or cotton gloves.		
Skin / Body Protection:	Wear non-combustible clothing and footwear (PVC, neoprene, nitrile or natural rubber).
