

CATCHMASTER®

Protecting Environments and Improving Lives Since 1977.

Mastering Pest Control in Glue and Beyond.

PRODUCT GUIDE

WHO WE ARE

ABOUT THE BRAND

AP&G is a leading manufacturer of Intelligent Pest Management solutions. We utilize a science-based approach to create high-quality products for rodent, insect & mosquito management. Established in 1952, AP&G Co., has its roots in the formulation and production of specialty adhesives.

In 1977, AP&G introduced the Catchmaster® brand and began to focus on developing adhesives for pest management applications. AP&G is now a well-established industry leader and has consistently produced new and innovative pest management solutions. Our products are sold by major retail chains in the U.S. and in many countries worldwide. AP&G's knowledge of adhesive technology ensures that the Catchmaster® name has been rigorously tested in our quality control lab as well as in "real world" field settings.

AP&G's passion is creating integrated pest management solutions, which serves in our mission of protecting enviroments and improving lives.

Catchmaster® products help you get rid of the pests you hate.

AN AMERICAN COMPANY

We are proud that our products are designed right here in the USA and over 80% are manufactured in America – guaranteeing the quality, consistency & performance our customers expect from the Catchmaster® experience.

Proud to be family owned

FAMILY OWNED

Catchmaster® takes pride in being a family-owned company, and this distinction extends far beyond just ownership. Our approach reflects our commitment to product care and a customer-centric philosophy.
As a family-owned business, we understand the importance of protecting your loved ones and your home. This is at the core of everything we do, from developing safe and effective pest control products to providing the best customer support in the industry.

GLUE EXPERTISE

Our glue is our bond and it is backed with 70+ years of know-how. Our adhesive formulas have undergone rigorous testing, earning the trust of industry experts who rely on its exceptional performance.

USED BY THE PROS

Our products have earned the confidence of industry professionals who rely on them for their pest control needs. Catchmaster® is the preferred choice of professionals because our solutions consistently deliver results they can count on.
When you choose Catchmaster®, you're aligning yourself with the same trusted solutions that professionals use day in and day out to effectively protect homes, businesses, and environments from pests.

MOUSE & INSECT

AP&G's patented, scientifically-tested, pesticide free glue formula is what makes our glue trays special. They are inescapable for mice & other crawling pests, while also being well-suited to humid or damp environments where glue boards are potentially less effective. Our formula is completely pesticide free and safe for your family and pets.

Effective Against: Mice, Crickets, Cockroaches, Centipedes, Scorpions, Spiders.

RAT & MOUSE

The Rat, Mouse, Snake & Insect Glue Traps are great for spaces that tend to be humid or damp where glue boards might not be the best choice. They too are made with AP&G's proprietary, pesticide free glue formula and are sticky enough to catch all kinds of rats, mice, and crawling insects, but not enough to cause a nuisance for your customers or their pets & children.

Effective Against: Rats, Mice, Scorpions and Other Crawling Pests

HEAVY DUTY

JUMBO RAT TRAY

The Jumbo Glue Trap is the largest trap in Catchmaster's® rodent control line. They cover up to 81 square inches and are made with AP&G's legendary, pesticide free glue formula. This trap has a thicker layer of glue to make it effective at catching larger pests, like rats and snakes, while still stopping smaller ones like mice, spiders and other crawling pests.

Effective Against: Rats, Mice, Snakes, Fleas, Ticks, Scorpions, Spiders, and Other Crawling Pests

MOUSE MULTI-PACK

Catchmaster's Mouse Trap Multi-Pack is the perfect starter bundle. It contains three different rodent control products, each made with AP&G's used by the pro's, pesticide free glue formula. It helps customers who aren't sure exactly what they need and want to try a few methods in a single purchase or know they need traps for multiple different environments. These traps work great for rodents, arachnids, and other crawling pests.

Effective Against: Mice, Rats, Spiders, and Other Crawling Pests

COLD WEATHER MOUSE & RAT

AP&G's pesticide free, Cold Temperature Glue Formula is the best performing cold-weather glue product on the market. They're great for freezing temperatures in unheated locations such as basements, attics, tool sheds, garages, along with winterized homes, campers, vehicles, and boats. As with all of our products, the glue will not harm your customer's pets or family.

Effective Against: Mice, Rats, Spiders, and Other Crawling Pests

MULTI-CATCH™ Mouse Trap

The Used by the Pro's Multi-Catch Mouse Trap is designed for maximum reliability and can trap up to 12 mice per settingis. Is made of two parts: a sturdy metal outer cage with glass cutout & glue boards made with AP&G's patented, pesticide free glue. Board replacement is quick and easy because of the smooth inner rim. The metal cage can be used with or without glue boards depending on your preferences. Includes one glue board, additional glue boards sold separately.
