

FRUIT & VEGGIE WASH PODS

REMOVES WAXES, PESTICIDES, DIRT & DEBRIS WITH NATURAL INGREDIENTS

Elevate the cleanliness of your fruits and vegetables with GreenGro's Fruit and Veggie Wash Pods, a plant-based formula that ensures your produce is safe and pristine. Our wash pods are designed to remove contaminants such as pesticides, fungicides, and residues that accumulate during the growth and handling of your fresh produce. Enjoy the confidence that comes from knowing your fruits and vegetables are not only organic but thoroughly cleansed with a gentle, effective solution.

FEATURES AND BENEFITS

Non-toxic *Natural and Organic * Chemical Free

INSTRUCTIONS FOR USE

Fill your wash tub or sink with two gallons of room temperature water. Add your wash pod to the water - the amount of product should be about 50% of the amount of water. Add 1 pod per 2 gallons of water. Wash your produce thoroughly. Rinse, dry and enjoy!

STORAGE & DISPOSAL

Store in a cool, dark place. Avoid excessive heat or freezing temperatures. To dispose, rinse container and recycle
