No

BATTLE-TESTED CHEMISTRY ESTD 2014

Bootstrapped and ready to serve, we deliver battle-tested chemistries and an experience like no other. Proud to be 100% American-owned, our mission is to help you every step of the way.

Empero™ is a selective post-emergence herbicide aimed at controlling nutsedge in turfgrasses and other non-crop sites without damaging effects to desirable plants. It provides outstanding control of purple and yellow nutsedge as well as many stubborn broadleaf weeds like horsetail.

PRODUCT INFO

- Excellent control of both yellow and purple nutsedge
- Gentle on well-established turfgrasses
- Spot treat for targeted application
