H2Pro® Liquid Greenhouse and Nursery

Blend of surfactants with a multi-matrix effect

CONTAINS NONPLANT FOOD INGREDIENTS:

Guaranteed Analysis - Soil Amending Ingredients:

Active Ingredients:

89.0% ethylene oxide-propylene oxide polymers
1.0% propylene oxide polymers
5.0% ethylene oxide polymers
5.0% alcohol ethoxylate
100.0% Total

DIRECTIONS FOR USE

Growing Media Preparation and Production - For use in containers, pots, hanging baskets, flats, trays and plugs. Mix H2Pro Liquid with water prior to application. Incorporate or drench mixture into growing media.

Before using this product read the entire label and precautionary statements.

GENERAL INFORMATION

H2Pro Liquid is a residual wetting agent that remains in the media to allow water to re-wet the particles. Stable in growing media in storage. Excellent initial wetting and long term wetting. Flexible, compatible and easy to use. Mixes easily even at very low temperatures. There may be variations in longevity under variable growing conditions.

Longevity Requirements / Growing Media Conditions	Incorporation Rate*	Drench Rate (PPM)
Maximum longevity (Up to 12 months) - Long term production cycles Severely water repellent media	5.5 fl oz in 2 gal water / yd^3 growing media	1500 (16 fl oz /100 gal water)
Medium longevity (Up to 6 months) - Medium term production cycles Moderately water repellent media	3.5 fl oz in 2 gal water / yd^3 growing media	1000 (10.5 fl oz /100 gal water)
Short term longevity (Up to 6 weeks) - Short term production cycles Slightly water repellent media	2 fl oz in 2 gal water / yd^3 growing media	500 (5.5 fl oz /100 gal water)

*Under dry conditions, increasing the water volume aids movement into media during incorporation.

Injection Rates

Application	Rate (ppm)	How to use
With Irrigation	5	Daily feeding.
Misting Cuttings	150	Spray freshly stuck cuttings with a very fine mist to the point of runoff.
Interior Plantscapes	500 - 1000	Drench containers, hanging baskets and planters.
Prior to Shipments	500 - 1000	Drench containers, hanging baskets and trays prior to shipment.

To avoid risks to human health and the environment, comply with the instructions for use.

For professional use only. Keep out of reach of children. Use only as directed.

Product Storage: Keep container tightly closed. Store in a dry and well ventilated place. Do not allow to freeze.
